EMERGENCY LOANS OPEN TO FARMERS

Aid Is Extended To Those Who May Otherwise Fail To Finance Their Farms

Emergency crop loans and emergency feed loans for 1946 are now available to farmers in Bulloch county. Applications for these loans are being received at Statesboro, second floor of Bulloch County Bank building, by Henry B. Burnside, field supervisor of the Emergency Crop and Feed Loan division of the Farm Credit Administration. This early opening of the loan program in Bulloch county is for the benefit of those eligible farmers who need financial assistance to meet the emergencies resulting from the recent storm and flood, as well as to provide funds for financing the normal fall and early winter crop and feed requirements of farmers who can establish eligibility, Mr. Burnside said. As in past years, these loans will be made to farmers whose cash needs are relatively small and who are unable to obtain from other sources the funds needed to meet their needs. Mr. Burnside pointed out that eligible farmers desiring to do so may apply now for loans to take care of their crop production needs for the entire 1946 season. Loans may include advances to the borrower to meet his cash requirements this fall, and the balance of the approved amount of the loan will be disbursed when the borrower needs it to finance his spring crops. Farmers who obtain loans for the production of cash crops, including funds for the purchase of seed for work stock and subsistence livestock, are required to give as security a first lien on the crops financed, and the security required for feed for the purchase or production of feed for commercial livestock is a first mortgage on the stock to be fed.

SOLDIERS RETURN TO ARMY SERVICE

After Brief Vacation Men Are Permitted To Go Back With Substantial Bonus

S/Sgt. Ben Bolden, Huntsville, Alabama Congressional Medal winner, re-enlisted in the regular army last week after being a civilian since July. Bolden decided to re-enlist in order to take advantage of his six years' seniority in the army, and mentally kicked himself for not rejoining the army before his twenty days had elapsed, which caused him to lose a re-enlistment bonus of \$250.

In Atlanta, M/Sgt. Anthony P. Bartkiewicz, of Blackhear, Ga., re-enlisted after being a civilian for only two weeks. Bartkiewicz re-enlisted after comparing the \$200 per month pay he received in civilian life with his "take home" pay in the army.

"I've got in eight years service and by simple arithmetic, I figure I can retire with a lifetime income of over \$100 per month by remaining in the service another 12 years. I'd have had other things to do with the next twelve years as a civilian to do as well. Not only that, but counting the family allotment for my wife and daughter, I can actually make more money in the army than the best offer I've had as a civilian."

Col. W. G. Burt, recruiting officer for Georgia, cited the above cases as typical of the reasons men are re-enlisting in the Regular Army in such great numbers.

Bulloch County People Meet at Army Post

Wherever there is more than one Bulloch county citizen living in a radius of five miles, they seem to get together sooner or later. That's what happened at Fort McCallan, Ala., on December 5th when eight from Statesboro suddenly found themselves on the same army post. The result was a social party with dancing and bridge and a chance to catch up on the latest home town news.

Place cards were small bags of Bulloch county-grown peanuts. The group included Mr. and Mrs. Ralph Mallard, Lt. and Mrs. Talmae Barr, Sgt. and Mrs. Cohen Anderson, Miss Christine Caruthers and Sgt. Aldrich Hagan. Gwendolyn and Ralph Mallard still feel that Statesboro is home, although they have lived in Anniston for seventeen years. Talmae, an officer in IRTC, and Frances have been stationed at McCallan for the past year. Cohen and Newell have been in Anniston for the past two and a half years. He is assigned to the IRTC headquarters furlough section. Chris is a medical social worker with the American Red Cross at the regional hospital, having arrived at McCallan in March. Aldrich has been assigned to the MP detachment for the past two years.

SAUNDERS HAS RETURNED FROM OVERSEAS DUTY

Sgt. James Grady Saunders, son of Mr. and Mrs. R. G. Saunders, of Rocky Ford, has returned to the states and received his discharge at Ft. Jackson, S. C. He has been in the service four years and eight months, of which he served seventeen months overseas in the ETO theater of war. He received the good conduct medal and also held four battle stars. He was among the first to be drafted from Statesboro, and camp training at Ft. Bragg, N. C.; Camp Blending, Fla.; Camp Shelby, Miss.; Camp Gruber, Okla., and Fort Sill, Okla. His wife, the former Miss Edna Hendrix, is with him at the home of his parents.

FLU EPIDEMIC HITS COUNTY SCHOOLS

Visiting Teacher Reports Noticeable Falling Off In Attendance Due To Sickness

In making a visit to the schools of Bulloch county the latter part of last week and this week, the visiting teacher, Miss Maude White, reports that she finds a drastic drop in attendance, as an outbreak of a dreaded throat disease and an influenza epidemic. The attendance was reaching a high peak and a perfect attendance campaign was being advocated, but now the visiting teacher encourages the pupils and teachers to be very careful, and at the first symptoms of a sick pupil, to isolate those complaining as early as possible.

Miss White urges the people of the county to stay away from picture shows, ball games and other gatherings, as much as possible until this epidemic can be stamped out. She begs the pupils to eat plenty of fruit and vegetables and to be very careful with their clothing during the winter months; wear plenty of clothing, but remove all wraps while inside warm rooms, but be sure to use them when necessary.

The visiting teacher is very anxious for a good attendance record, but says she feels it is more than to avoid sickness as much as possible, and begs children to remain home if they are ill, because it is found that this "flu" is too contagious to risk being among well people; although she hopes that there is not one pupil in the Bulloch county schools that will take advantage of this excuse of being sick and stay out of school when it is not really necessary.

Miss White says, "We are doing the best we can with conditions as they are now, but there are great hopes of the best attendance records after the holidays."

UNION BAG & PAPER CORP.

WILL THERE BE A STEEL STRIKE?

Not if the CIO abides by its
pledged word, given only last spring.

Question: What would be the general effect on the country of a steel strike?

Answer: Over 40 percent of all the factory workers in the country earn their living by making steel into useful products for American life. A shutdown of the steel industry would be a disastrous blow to reconstruction and would cause a serious loss in both wages and industrial production at a time when they were most needed.

Question: Is it true that the Steelworkers Union has pledged itself not to strike?

Answer: Yes. Every contract which the Union has signed this year with the various steel companies has a clause wherein the Union agrees not to strike during the life of the contract.

Question: Are these contracts still in effect?

Answer: Yes. They were signed in the spring of 1945 to run until October, 1946.

Question: Who signed for the Union?

Answer: Its international officials—Philip Murray, Van Bittner, Clinton Golden and others—and the local Union heads at the various plants.

Question: Is there no "escape clause" by which either side could end the agreements?

Answer: No. The Union demanded a fixed, long-term contract and got it.

Question: Why did they want a long-term contract?

Answer: In the Union's own words before the War Labor Board, "The Union's request for a termination date of October, 1946, it not made capriciously or pressed here for bargaining purposes. It represents the considered view of the Union that only such a term will adequately serve the needs of stability."

Question: Did the recent strike vote violate the contract?

Answer: No. Only an actual strike would violate them.

Question: Haven't there been strikes already during the life of the contracts?

Answer: Yes. There were 998 strikes in steel plants during the past year alone. They were mostly local strikes which the Union characterizes as "wildcat," but they meant a big loss in production.

Question: Does the end of the war justify changing the contracts?

Answer: No. The bond was sealed on both sides and should be kept whether times be good or bad. The steel companies are continuing to live up to these agreements. If a strike is called, it will be in clear violation of the existing contracts.

A strike in the face of existing contracts would shatter any confidence in the validity of union agreements in the steel industry.
